

We will spend August by the sea but we will be back in Berlin in September with :

BERLIN STORY HUB : the home of the SFF Audio Archive and the space where most of the project's activities will be hosted : from daily story recordings and a listening installation to story workshops and story cinema nights. This will also be the place where the Story Radio show will be prepared and partly recorded.

In the following months we will also launch :

#StoryRadio : a monthly show dedicated to stories, where we will broadcast stories from our audio archive and interviews on the specific theme of the month.

#StoryPolis : a weekly workshop that aspires to form the team behind the STORY RADIO

#StoryApp : where you will be able to record your story on your own.

& a new website !!!

Of course we continue with the **#StoryEconomy** in Berlin and **our -BACKS**, where your stories change form and become food, illustrations, melodies and songs.

Thank you for your support and a lovely summer to all!
